A special meeting of the Adjustment Board was held on the above date to discuss the application of Henry Blinne, of Kenvil, New Jersey. The applicant wishes to erect an auto repair shop on a lot 50' X 100' in Route 46, Kenvil. The building is to be 32' X 35', with a 5' back yard and 9' on each side. This property is located in a business zone. The applicant's dwelling is next door and the lot on the other side is also owned by him and the house on the back lot on N. 1st. Ave. He has lived in the Town for 10 years.

Motion was made and seconded to inspect the property in question.

After inspection of the property described above, motion was made and seconded to deny the variance requested because of insufficient frontage and area.
